REPORT FORM FOR POSSIBLE LCRP VIOLATIONS

Date 25 August 1987

1. Name, address and phone number of possible violator.

Louisiana Petrol. Corp.  
P.O. Box 53227  
Lafayette, LA 70505  
318-232-4446  
Attn: Warren Hawkins

2. Name, address and/or phone number of contact person in the field (i.e., neighbor or others who may have information concerning the project).

Charlie Mestayer  
L.D.N.R./C.M.D.  
201 Energy Parkway Suite 200  
Laf. LA 70508  
318-265-5656

3. Location of activity (please include Section, Township and Range, Latitude and Longitude, distance and direction from major town, parish).

Township 15 South St. Mary Parish  
Range 10 East Approx. 3 miles south of Garden City  
Section 19

4. Project Description: (Please describe the project in detail. Include dimensions - ft., cu. yds., acres of impacted area and construction methods used).

Oil leaking from reserve pit - sheen approx. 1/3 mile long.  
Approx. 3-4 acres of surrounding marsh/swamp vegetation  
directly impacted.

RECEIVED

AUG 27 1987

DEPT. OF NATURAL RESOURCES

5. Biological description of area impacted (Please include habitat type and probable impacts to fishery and/or wildlife resources).

Oil well location canals in a cypress-tupelo shrub/scrub swamp and freshwater marsh. Some aquatic invertebrate and fish mortality expected - fish flesh probably tainted to taste. Indirectly affect wading birds and furbeavers.

Three to four acres of marsh/swamp have been destroyed probably as a result of long term leaking problem.

6. Recommended restoration or habitat enhancement items to reduce the above impacts.

1. Treat and close pit - replace with a barge
2. Clean up oil residues in surrounding marsh/swamp
3. Pump hydraulically dredged spoil into 'dead' area to ~~recreate~~ reestablish vegetative growth.

7. Date of Investigation. 3 August 1987

8. Investigator(s) (Name, Agency).

Charlie Mostayer  
L.D.N.R. / C.M.D.
